WHY SAMSON LOVES ARIZONA

CREATED BY SAMSON, A FIFTH GRADER AT DREAM CITY CHRISTIAN SCHOOL

I love Arizona because it has beautiful wildlife, including the cactus wren bird, and the beautiful saguaro cactus blossom.

All my family lives in Arizona, so I always have good company. I love it when my grandparents or cousins pick me up and take me to the pool, theater, arcade, and park. I also have many friends in Arizona. My best friend lives next to me so we get to play lots of games together. I even made more friends when my mom and dad started a church.

There are also interesting states around Arizona that I enjoy traveling to such as, California and New Mexico. Arizona has been my favorite since 2011. I hope I never have to move!
